

Optimize your Pharmacy Benefit with High Quality, Member-Centric and Customized Management Services

Amalgamated Employee Benefits Administrators, Inc.'s Pharmacy Benefit Administration (PBA) service, AEBRx, was designed to help your organization optimize its pharmacy benefit plan. Leveraging our extensive benefit administration experience working with numerous Taft Hartley plans, you can expect a PBA service that reflects our hallmark core values: high quality, member-centric, flexible and cost-effective.

ACCESS

A nationwide network including over **68,000 pharmacies** with mail order capability

MEMBER SAFETY

Real time audit of Prior Authorizations to verify dosage, quantity limits and clinical efficacy, ensuring the most appropriate prescription is provided at the lowest cost

QUALITY

A proven track record of providing high quality employee benefits administration on behalf of Taft Hartley plans, individual unions and other self-funded and fully-insured plans

SAVINGS

An integrated approach leveraging an advanced specialty drug cost management program and specialty drug prior authorization service that results in a **40% average savings** while also limiting stop loss liability

AEBRx, a service of Amalgamated Employee Benefits Administrators, Inc., a union-owned organization, offers your plan's employers and their employees an end-to-end PBM service of the highest standards. You can expect to gain many valuable benefits, including:

A strong focus on managing high cost specialty drugs and other drugs applying advanced analytics and reporting tools that harness the power of predictive insights and can be easily accessed online to drive actionable, cost-saving measures

Robust tools connecting your members to helpful drug and related healthcare information, 24/7, utilizing their mobile devices to access a responsive member portal and on-demand using QR codes on prescription labels to obtain refill reminders with real time alerts

The flexibility to customize our PBA service to meet your plan's specific needs

Customized reports keyed to specific products, prescribers, patients, pharmacies and your plan

A user-friendly, easy to navigate platform powered by Prime Therapeutics, that features visually engaging dashboards, robust functionality and easy to access online real-time data

A team of experienced and customer-centric employee benefits specialists who will meet your needs with responsive, accurate and efficient service.

Please contact your Northern New Jersey Teamsters Fund Office with any questions.
